Information of a derogatory nature shall not be entered into a unit member's personnel records unless and until the unit member is given notice and an opportunity to review and comment on that information. The unit member shall have the right to enter, sign, and have attached to any derogatory statement, his or her own comments. A unit member's signature does not necessarily indicate agreement with the contents. The review shall take place during normal business hours and the employee shall be released from duties for this purpose without salary reductions.
- C. The unit member shall not have the right to inspect personnel records at a time when the employee is actually required to render services to the district.

- E. Upon written authorization by the unit member, a representative of the Association shall be permitted to examine and/or obtain copies of materials in such unit member's personnel file.

ARTICLE V

ASSOCIATION RIGHTS

The Association shall have the right to represent unit members.

- A. **Use of Facilities.** The Association shall have the right of reasonable use of District facilities for the purpose of transacting Association business provided such use does not interfere with the school program or duties of unit members, and provided further an authorized Association representative obtains advance permission from the Superintendent or designee regarding the time, place, and type of activity to be conducted. No school district funds, services, supplies, or equipment shall be used for the purpose of urging the support or defeat of any ballot measure or candidate, including, but not limited to, any candidate for election to the governing board of the district. A reasonable fee may be assessed for expenses incurred by the District related to utilities, security, clean up, and wear and tear and damages as a result of the use of a school facility by the Association.
- B. **Use of Bulletin Boards, Mailboxes and District Email.** The Association shall have the right to use District's email or place Association communications in individual mailboxes at individual school sites for communication so long as this does not interfere with instructional time, the school program or the normal operation of the school site. The Association shall have the right to post notices with appropriate Association identification regarding activities and matters of Association concerns on one bulletin board at each site in an area frequented by unit members, except that no school district funds, services, supplies, or equipment shall be used for the purpose of urging the support or defeat of any ballot measure or candidate, including, but not limited to, any candidate for election to the governing board of the district.
- C. **Communication.** Provisions shall be made for Association announcements following the conclusion of each faculty meeting.
- D. **Member Information.** Names, addresses, district email addresses, and telephone numbers of unit members shall be provided in written or electronic format to the Association without cost as soon as possible after September 1 of each school year. This requirement shall not apply to employees who have requested that their addresses, district email addresses, and/or telephone numbers not be released.
- E. **Board Agendas.** The District shall send to the Association President an electronic link to access the Board Packet for all Board of Trustees meetings. The link shall be emailed 72 hours in advance of regular meetings, and 24 hours in advance of special meetings. Service of the agenda and packet shall constitute official notice of any proposed action by the Board on items set forth in the agenda.

- F. **Site Visitation.** Representatives of Association shall be permitted to observe, but not to interfere with employees during the normal work day in which they are performing their duties in the classroom or in the operation of the District. - G. **Release Time for Elected Association Officers and Union Stewards.**

Elected Association Officers and Union Stewards shall be provided release time in accordance with Education Code section 44987 and Government Code section 3558.8, and/or by mutual agreement of the District and the Association. A 30 day notice will be provided to the District by ETA if an ETA Elected Association Officer and/or Union Steward plans to be released for more than 25 consecutive days.

- H. **New Employee Orientation**

The District shall provide at least 5 days' notice to the Association of any scheduled group orientation meetings for all new certificated employees (excluding management/supervisory employees and substitutes) and, during these orientation meetings, permit the Association up to 60 minutes to address the new employees.

The District shall provide the Association the name, job title, department, and work location of all new certificated employees (excluding management/supervisory employees and substitutes) within 10 business days of employment. In addition, during this time, the District shall provide the address, district email address, and personal cellular telephone number of all new certificated employees (excluding management/supervisory employees and substitutes) on file with the District unless the employee has requested this information be withheld. A privacy notice and opt-out form along with other work-related information shall be provided to the new employee at the time of the orientation.

- I. **LCAP Representation.**

The District recognizes the right and responsibility of the Association to participate in the development of the Local Control and Accountability Plan (LCAP). The Association shall annually provide two active Association Site Representatives to the LCAP Advisory Committee as stakeholders in the decision-making process. LCAP Advisory Committee Association members' term shall be the same as other stakeholder member terms.

ARTICLE VI
PERSONAL AND ACADEMIC FREEDOM

The District recognizes the democratic right of unit members to participate in political activities which are in accordance with federal and state law.

The District recognizes the right and responsibility of unit members to implement the study of issues, subjects, and materials relevant to the assigned course of study. Discussion and inclusion of controversial materials shall be relevant to course content and in accordance with state law, District policy and adopted standards for the grade level and subject matter.

No District funds, services, supplies, or equipment shall be used for the purpose of urging passage or defeat of any school measure of the District. This provision shall not be construed to prevent discussion and study of political issues when such discussion and study is appropriate to the classroom curriculum as adopted by the State Board of Education and implemented by Board Policy.

The District will follow Education Code regarding procedures for changing grades given by a teacher.

ARTICLE VII

GRIEVANCE PROCEDURE

A. Definitions:

1. A "grievance" is defined as a claim by the Association or by one or more teachers that there has been a violation, misinterpretation or misapplication of a provision of this Agreement.
2. A "grievant" is the person or persons, including the Association or representatives thereof, making the claim.
3. A "party in interest" is any person who might be required to take action, or against whom action might be taken, in order to resolve the claim.

B. Purpose:

1. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems which may from time to time arise. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.
2. Nothing contained herein will be construed as limiting the right of any unit member having a grievance to discuss the matter informally with any appropriate member of the administration, and to have the grievance adjusted without intervention by the Association provided it is agreeable to the parties involved.
3. Since it is important that grievances be processed as rapidly as possible, the time limits specified at each level should be considered to be maximum and every effort should be made to expedite the process. The time limits may, however, be extended by mutual agreement.

C. Procedure:

1. Level One:

A grievant will notify the immediate supervisor of the grievance either directly or through the Association's designated grievance representative with the objective resolving the matter informally, within ten (10) days after the occurrence of the act or omission giving rise to the grievance. If the unit member does not have actual or constructive knowledge of the occurrence of the grievable act or omission and could not, with the exercise of reasonable diligence, have known about it, then the ten (10) day time limit shall begin to run on the date upon which the unit member knew, or should, with reasonable diligence, have known of the occurrence.

The immediate supervisor shall schedule a meeting within five (5) days of receipt of the notification from the grievant that there is a

grievance to be discussed. If the immediate supervisor should fail to schedule the meeting within five (5) days of receiving the notification of the existence of a grievance, or if the parties cannot agree upon an extension of the five-day time period so that the meeting can take place, the grievant may proceed to Level Two on the day following the five-day period for holding a meeting.

2. **Level Two:**

Within five (5) days after the Level One meeting, if the grievance is not resolved, the grievant must present the grievance in writing to the superintendent/designee. A written statement shall be a clear, concise statement of the grievance, including the specific provisions of the agreement alleged to have been violated, the circumstances involved, the decision rendered at the informal conference, and the specific remedy sought. The superintendent/designee shall communicate a written response within ten (10) days after receipt of the grievance. Either party may request a personal conference, to be scheduled prior to the conclusion of the level.

3. **Level Three:**

If a grievance is not resolved in Levels One or Two, the employee and/or the Association may request in writing a hearing before an arbitrator. The written request shall be filed in the Office of the Superintendent within ten (10) working days after receipt of the written decision at Level Two.

The Association either in its own behalf or in behalf of the affected teachers may initiate a grievance which affects more than one unit member in a single building or unit members in more than one building at Level One.

The District and Association shall select a mutually acceptable arbitrator. Should they be unable to agree on an arbitrator within ten (10) working days of the Association's submission of the grievance to arbitration, submission of the grievance shall be made to the American Arbitration Association. In any event, the parties will then be bound by the rules and procedures of the American Arbitration Association in the selection of an arbitrator and the arbitrator shall proceed under the Voluntary Labor Arbitration Rules of said Association.

The arbitrator's decision will be in writing and will set forth findings of fact, reasoning and conclusions on the issues submitted. The arbitrator will be without power or authority to make any decisions which requires the commission of an act prohibited by law or which is violative of the terms of this Agreement. However, it is agreed that the arbitrator is empowered to include in any decision such financial reimbursement or other remedies as he/she judges to be proper. The recommended decisions of the arbitrator will be submitted to the Superintendent and the Association.

The Board will determine whether to accept the arbitrator's recommended decision within thirty (30) days of receiving the recommended decision.

All costs for the services of the arbitrator, including, but not limited to, per diem expenses, his/her travel and subsistence expenses and the cost of any hearing room will be borne equally by the District and the Association. All other costs will be borne by the party incurring them.

D. **Rights of Unit Members to Representation:**

A unit member may represent himself/herself at all stages of the grievance procedure by himself/herself, or, at the member's option, by a representative selected by the Association. If a unit member is not represented by the Association or its representative, a representative of the Association may have the right to be present and to state its views at all stages of the grievance procedure, if the aggrieved party so desires.

E. **Miscellaneous:**

Decisions rendered at Levels One and Two of the grievance procedure will be in writing setting forth the decision and the reasons therefore, and will be transmitted promptly to all parties of interest and to the President of the Association. Time limits for appeal provided in each Level shall begin the day following receipt of written decision by the parties of interest.

When it is necessary for a representative designated by the Association to investigate a grievance or attend a grievance meeting or hearing during the day, he/she will, upon notice to his/her principal or immediate superior by the President of the Association, be released without loss of pay in order to permit participation in the foregoing activities. Any unit member who is requested to appear in such investigations, meetings, or hearings as a witness will be accorded the same right.

All documents, communications and records dealing with the processing of a grievance will be filed in a separate grievance file and will not be kept in the personnel file of any of the participants.

ARTICLE VIII
PROFESSIONAL DUES AND PAYROLL DEDUCTIONS

The District shall honor an employee's written request to authorize payroll deductions for the Association as set forth in this Article. The Association shall be responsible for processing these requests and shall provide the District with timely certification so that such a request for a reeducation or deduction for an employee can be processed by the District payroll department according to payroll timelines.

With respect to all sums deducted by the District, pursuant to above, the District agrees to promptly remit such monies to the Association, accompanied by an alphabetical list of unit members for whom such deductions have been made.

Employee requests to cancel or change authorizations for payroll deductions for the Association shall be directed to the Association. The District will rely on information provided by the Association regarding whether deductions for the Association were properly cancelled or changed.

Upon receipt of appropriate written authorization from the unit member, the District shall deduct from the salary of any unit member and make appropriate remittance for annuities, direct deposit, credit union, charitable donations, or any other plans or programs to a reasonable maximum as approved by the District.

Pursuant to such statutory requirement, the District shall deduct one tenth of such amounts from the regular salary check of the unit member each month for ten months. Deductions for unit members who begin employment after the commencement of the school year shall be appropriately prorated to complete payments by the end of the school year.

The Association shall indemnify and hold the District and its employees or agents harmless from any and all claims, demands, or suits or any action arising from the organizational security provisions contained herein.

ARTICLE IX
UNIT MEMBER WORK HOURS AND RESPONSIBILITIES

- A. **Unit Member Work Hours.** The unit member work day shall begin 30 minutes before the opening of school, and shall normally continue 7–½ hours, including lunch. Because the nature of a unit member's day-to-day professional responsibilities does not lend itself to an instructional day of rigidly established length, unit members shall remain at the school site to work during the established 7–½ hour work day, exclusive of the unit member's lunch period, and shall remain on site beyond such hours as needed to perform their additional instructional and professional duties.

Commencing with the 2018-2019 school year a half-day certificated substitute teaching position will be three hours and forty-five minutes.

- B. **Instructional Professional Responsibilities.** These responsibilities include the planning of lessons, preparation of materials for instruction, review and evaluation of work of students, conferring and counseling with students, parents, staff, and administrators, maintaining student records, attending in-service, faculty, departmental, grade level, and student study team meetings. Such instructional duties also include assigned supervision of students within and outside the classroom, participation in back-to-school night, open house, promotion, parent conferences, parent teacher meetings, IEP meetings, grade level evening performances by pupils where the majority of a teacher's assigned class participates, and emergency needs.

Supervision responsibilities for unit members in grades 1-8, which include before and after school hours, and all other scheduled non-classroom supervision assignments, will be assigned as equitably as possible. Unit members in grades 1 through 5 shall have a duty-free instructional day. An instructional day is defined as the time between the start of a student's required school day and the end of a student's required school day (bell to bell). When considering the assignment of unit members' duties, the duty schedule from the 2016-2017 school year will serve as a baseline for comparison. Unit members in grades 1 – 8 will not increase their duty responsibilities compared to their duty responsibilities in the 2017-2018 school year.

Unit members serving under their special education credential will be relieved of supervision duties.

In the event of an emergency, or in the unforeseen absence of non-certificated personnel to provide adequate student supervision, unit members may be required to supervise students at any time during the contractual day.

- C. **Non-Instructional Professional Responsibilities.**
Non-instructional responsibilities, beyond the above defined duties, will be distributed by the site administrator as equitably as possible. Such responsibilities include, but are not necessarily limited to, special school programs, dances, carnivals/festivals, field trips outside of the regular school day, assigned school committees, and emergency needs.
- D. **Site-Coordinated Parent Education Sessions**
Site-coordinated parent education sessions are not included as professional Responsibilities. Participation is voluntary and unit members who provide instruction to parents/students at these sessions will be compensated at the hourly instructional rate.
- E. **Reduced Instructional Day for Parent Conferences, Traditional Track Programs.**
During the parent – teacher conference period for the fall trimester, pupil instructional days for grades 1 - 8 shall be reduced by 1- ½ hours daily on days established in the District’s student calendar.
- If Preschool, Transitional Kindergarten, and Kindergarten classes do not have a reduced instructional day for parent conferences, commencing with the 2018-2019 school year unit members teaching Preschool, Transitional Kindergarten and Kindergarten classes may request, through their site administrator, an additional 100 minutes of instructional aide support per day, per unit member, for four days during Parent Conference Week.
- F. **Reduced Instructional Day for the First Day of School.**
The pupil instructional day for grades 1 - 8 shall be reduced by 1-½ hours on the first day of school as established in the district’s student calendar.
- G. **Early Departure on Days of Evening Programs.**
On instructional days when unit members are required to return to school in the evening, a unit member may leave at the time his/her class is dismissed for the day, provided that his/her classroom is prepared for the evening program and for the next instructional day and as long as professional duties described in section B have been completed.
- H. **Early Departure on Day Preceding Break Periods.**
On the final instructional day before Thanksgiving, the winter, spring, and summer recesses, instruction for grades 1 – 8 shall be shortened by 1-1/2 hour. A unit member may leave after the student dismissal time as long as professional duties described in section B have been completed.
- I. **Preparation Time: Intermediate Schools.**
Unit members assigned at a District intermediate school shall have one preparation period during the regular instructional day. The preparation period shall be utilized by unit members for the purposes discussed in section B. The site administrator may reserve no more than one preparation period per week per unit member for required staff meetings or in-service. In addition, to the one preparation period during the regular instructional day effective July 1, 2014, the site Administrator may utilize

one additional prep period during a week, not to exceed five (5) weeks. It is understood and agreed that in the case of holidays, parent-teacher conferences, teacher absence from the school site, in-service or staff meetings described in this paragraph, that regularly scheduled preparation time missed will not be made up.

Fourteen (14) minimum days are available for the District's middle schools. Six (6) minimum days are to be directed by the principals for staff development, in-service and program development. The eight (8) remaining minimum days shall be used for teacher planning and preparation. These planning and preparation minimum days shall be utilized by unit members for the purposes discussed in Article IX, Section B of the collective bargaining agreement.

During the week when a Principal utilizes an available principal-directed minimum day, an additional staff meeting will not be scheduled after school unless required for emergency purposes.

Minimum days which occur during the week progress reports and/or report cards are being finalized, as determined by the District, will not be utilized by district or site administration.

Site and district administration will not utilize prep periods which occur during the week of parent conferences unless required for emergency purposes.

Commencing with the 2018-2019 school year teachers who are selected to teach a seventh period shall receive one-seventh (1/7) of their daily rate for such additional assignment where the assignment is of 30 teaching days or more in duration. Should circumstances occur which necessitate the need for a teacher(s) to teach a seventh period, to the extent the master schedule allows, unit members at that site with the appropriate credentials and skills shall be given equal opportunity to assume this additional seventh period assignment.

J. **Preparation Time: Elementary Schools.**

The designated purposes assigned to minimum days are as follows:

- (1) Five (5) minimum days are available for the District's elementary schools, for required staff meetings, in-service, or program development as determined by the site administrator. Commencing with the 2018-2019 school year the site administrator may not use more than one of these minimum days each month.

During the week when a Principal utilizes an available principal-directed minimum day, an additional staff meeting will not be scheduled after school unless required for emergency purposes.

Minimum days which occur during the week progress reports and/or report cards are being finalized, as determined by the District, will not be utilized by district or site administration.

Site and district administration will not utilize prep periods which occur during the week of parent conferences unless required for emergency purposes.

- (2) The remaining minimum days shall be used for teacher planning and preparation. These planning and preparation minimum days shall be utilized by unit members for the purposes discussed in Article IX, Section B of the collective bargaining agreement. It is understood that in case of holidays, parent teacher conferences, teacher absence from the school site, in-service or staff meetings, that regularly scheduled elementary school preparation time missed will not be made up.

The decision as to which minimum days will be selected for the 5 that are directed by the Elementary Principals (see (1) above) is to be made by the principals of the school with input from the school's staff through its leadership team. During a school year in which the school site is participating in Federal Program Monitoring, Distinguished School Application, Blue Ribbon School Application, or any other state or federal mandated review process, the elementary principal may direct 10 minimum days. This decision will be made with the intent of selecting principal directed minimum days so as to best meet the needs of each individual school staff by allowing planning and preparation minimum days (see (2) above) to be selected for use during optimum periods.

- (3) Commencing with the 2017-2018 school year the District will provide up to sixty (60) preparation periods each school year for unit members assigned to grades 1 through 5. These preparation periods will be 50 minutes in duration during the instructional day, whenever possible. In the event of inclement weather, scheduling conflicts, or other unforeseen circumstances, preparation time may be reduced to 40 minutes in duration. The preparation period shall be utilized by unit members for the purposes discussed in section B. The site administrator may reserve no more than fifteen (15) of these periods for required staff meetings, grade level meetings, trainings or in-service.
- (4) Commencing with the 2017-2018 school year the District will provide two planning days during the school year for transitional kindergarten and kindergarten teachers.

K. **Preparation Time** SDC/RSP/SLP elementary/middle, grades
Preschool-8

- (1) Each Special Education Teacher in the above assignment, grades Preschool-8, will be entitled to the same number of summer planning days as the general education teachers at their assigned school site/program.

- (2) Commencing in the 2018-2019 school year for special education teachers in grades TK–8, the district will provide three (3) release days per year for the purposes of writing/attending IEP's, conducting student assessments, IEP goal monitoring, observation of students, and collaborations with other specialist and support providers.

Due to the limited availability of substitutes, the schedule for such coverage must be coordinated between the principal, the teacher, and the District. In the event that substitutes must be "pulled" from coverage to cover absences elsewhere in the District, the teacher will have the option to submit a time card for a full day of pay at the curriculum/instructional rate for a non-scheduled work day or reschedule the release day

- (2.5) Special education teachers may request additional days beyond the three (3) days described in section J. (2) of this article. The additional days must be approved by a site or district administrator and will not be subject to the reimbursement described in section J. (2) of this article.

- (3) Commencing with the 2017-2018 school year the District will provide up to sixty (60) preparation periods each school year for unit members assigned to grades 1-5, teaching Special Day Classes. These preparation periods will be 50 minutes in duration during the instructional day, whenever possible. In the event of inclement weather, scheduling conflicts, or other unforeseen circumstances, preparation time may be reduced to 40 minutes in duration. The preparation period shall be utilized by unit members for the purposes discussed in Article IX Section B. The site administrator may reserve no more than fifteen (15) of these periods for required staff meetings, grade level meetings, trainings or in-service.

During the week when a Principal utilizes an available principal-directed minimum day, an additional staff meeting will not be scheduled after school unless required for emergency purposes.

Site and district administration will not utilize prep periods which occur during the week of parent conferences unless required for emergency purposes.

- (4) Elementary: The same number of minimum days are available for the District's Elementary Special Education Teachers for required staff meetings, in-service, or program development as required by the District and their Site Administrator as described in Section I-(1) of this article.
- (5) Intermediate: The same number of minimum days are available for the District's Intermediate Special Education Teachers for required staff meetings, in-service, or program development as required by

the District and their Site Administrator as described in Section H of this article.

- (6) Teachers assigned to more than one site shall receive the greatest number of summer planning days issued by their sites.
- (7) Commencing with the 2018-2019 school year, in lieu of the Early Departure on Day Preceding Break Periods (see Section G in this Article), the preschool program will end one day prior to the published student calendar. Unit members assigned to the preschool program will have a student free work day to complete activities described in Section B and Section G of this article.

Preschool classes will be staffed by one credentialed Early Childhood Special Education (ECSE) teacher and a classified ECE teacher who holds a Childhood Development Permit. These two teachers will co-teach the preschool class. A minimum of two instructional aides per class will be provided. Each unit member in the preschool program will teach a 180 minute AM class and a 180 minute PM class, four days per week (Tuesday –Friday), and be responsible for all professional and non-professional responsibilities listed in Article IX, B & C. On the day the preschool unit members do not have students, unit members will have time to complete Professional Responsibilities as described in Article IX, B. One assessment team, consisting of a School Psychologist, a Speech and Language Pathologist, and a credentialed ECSE Specialist, will complete most, if not all initial assessments. This change in the delivery method of instruction will not result in any unit member losing a teaching position within the district (who is in good standing with the district).

L. **Staff Meetings**

Estimated start and end times for school site staff meetings will be posted 72 hours prior to the meeting. Time will be set aside at the end of staff meetings to conduct Etiwanda Teachers Association business. Staff meetings will not be scheduled on days when teachers are required to attend evening school-wide events. Staff meetings held on non-student days may not exceed the contract day.

ARTICLE X

ABSENCE AND LEAVE PROVISIONS

A. General Provisions

A leave of absence is an authorization for the unit member's absence from duty for a specific period of time and an approved purpose. A condition of each leave of absence is that any required license or certificate held at the time the leave was granted must be maintained in full force by the unit member. Unit members on paid leave of absence, unless otherwise provided herein, shall receive wages, fringe benefits, and retirement credit as though they were not on leave. Unit members who go on an unpaid leave during any pay period shall receive fringe benefits for the balance of that pay period. Thereafter, they shall be allowed to remain on continued coverage pursuant to the terms of the insurance plan selected at their own expense, provided they make advance payment of the premium in a manner reasonably required by the District. Procedures in this Article for notification of absence are mandatory. Failure to follow absence notification procedures may result in forfeiture of salary for the day(s) of absence.

Following the absence of a unit member, the unit member shall verify, through the district's reporting system, the reason for the absence.

Unit members shall notify the District of their anticipated absence as soon as the need for the leave of absence is known, but in no event less than one hour before the unit member's normal reporting time.

B. Sick Leave

Unit members shall accrue sick leave at the rate of ten (10) days per year. Accrued but unused sick leave shall be carried forward from year to year.

The District may require a physician's verification of illness for a unit member's absence of five (5) or more consecutive days. In addition, the District may require verification when misuse of sick leave is suspected. A physician's verification shall be made by a licensed health care provider.

When a unit member is disabled and unable to work during an absence, a physician's verification shall be made by a licensed health care provider. The verification shall confirm that the unit member was disabled and unable to work during the absence, the beginning and ending dates of the disability, and shall verify that the unit member is released to return to his/her regular duties. The verification shall also describe in detail any functional limitations and the anticipated time period for which the duties are restricted, and any proposed accommodations that the physician suggests for the District's consideration to enable the unit member to perform the essential functions of the position.

A unit member who serves 75% or more of the instructional days of summer school shall accrue 0.5 (one half) sick days. While teaching summer school, a unit member may use up to two (2) days of accrued sick

leave for absences covered in this article. Each day of summer school missed shall result in a deduction of one day of sick leave.

C. **Industrial Accident and Illness Leave**

Industrial accident or illness leave shall be for a maximum of sixty (60) days within a fiscal year. Industrial accident/illness leave begins on the first day of absence caused by the accident. Such leave shall not accumulate from year to year. At no time shall a unit member, due to the operation of industrial accident or illness leave receive more than his/her contract salary. When an industrial accident or illness leave overlaps into the next fiscal year, the unit member who continues to be disabled due to the industrial accident or illness may continue on such leave for the number of remaining days of the original sixty (60) days.

No benefits shall be paid to a unit member under the provisions for industrial accident or illness leave unless and until a duly licensed physician verifies in writing the industrial nature of the accident or illness, and, further, until the District's workers' compensation administrator reaches a final determination that the accident or illness is work related.

The leave shall terminate at any time before the end of the sixty (60) days if the physician indicates that the unit member is well enough to resume his/her duties.

In order to receive full salary with normal deductions, a unit member on industrial accident/illness leave shall endorse to the District any temporary disability checks received on account of the industrial accident/illness. If, upon the termination of the industrial accident/illness leave the employee continues to receive payments from the Workers' Compensation Fund, only that amount of regular sick leave shall be deducted which will yield the unit member's full contractual salary for the period, less normal deductions.

D. **Personal Necessity Leave**

Unit members shall be entitled to use up to seven (7) days of paid sick leave in each school year in the following cases of personal necessity:

- (1) **Death** of a member of the immediate family defined as mother, father, husband, wife, domestic partner, son, daughter, brother, sister, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandmother, grandfather, grandson, or granddaughter of the employee, or the death of any other person living in their immediate household of the employee, when additional leave is required beyond that provided by Bereavement Leave provisions.
- (2) **An Accident** involving the person or property of the unit member or of a member of the member's immediate family as defined above. The accident must be of such an emergency nature that the immediate presence of the unit member is required during the regular work day.

- (3) **Appearance in Court** as a litigant, or as a witness under order of subpoena.
- (4) **Serious or critical illness** of a member of the unit member's immediate family, as defined above. The illness must be of such a serious or critical nature that the immediate presence of the employee is required during his/her regular work day.
- (5) **Financial** A condition or circumstance which, if unattended, would result in an unconscionable financial loss materially affecting the unit member's ability to maintain reasonable conditions of sustenance for the member and dependents.
- (6) **Religious holiday** or observance of the member's faith which cannot be conducted outside of regular working hours.

Use of sick leave days for personal necessity reasons shall not be approved for purposes of personal convenience, participation in work stoppage or slowdown, or sick-out, or for the extension of a holiday, weekend, or vacation period, recreational activities, Association activities, or other activities which can be taken care of outside of work hours. The unit member shall verify in writing on the District form that personal necessity leave was utilized for one of the above listed reasons.

E. **Paid Personal or Family Business Leave**

Up to three days of paid sick leave may be used for personal or family business which cannot be conducted outside of the regular school day, provided that the unit member certifies that the paid personal or family business leave day shall not be used for the purposes of participation in work stoppage, slowdown, or sick-out. A unit member must notify the District in writing one week in advance of the intent to use the personal or family business leave day drawn upon the unit member's sick leave, except that when such leave is used for bereavement of a family member who is not in the immediate family, a full week's advance notice is not required. Upon return, the unit member shall verify that the leave was used in accordance with the purposes of this Article.

F. **Bereavement Leave**

A unit member shall be entitled to three (3) days paid leave of absence, or up to five (5) days if travel of more than 400 miles each way is involved, on account of the death of a member of the unit member's immediate family as defined above. No deduction shall be made from salary or accrued sick leave on account of use of such authorized leave of absence. Upon expiration of authorized bereavement leave, the unit member may utilize personal necessity leave for purposes of bereavement as provided elsewhere in this Article.

G. **Service as a Witness or Juror**

For time spent in court as a witness under subpoena to attend a civil proceeding as a witness in a matter regarding an event or transaction the employee perceived or investigated in the course of his or her duties, there shall be no deductions from pay. A unit member who is subpoenaed in such a matter must notify the site administrator and the Personnel Office

immediately, so the District can seek reimbursement from the party who issued the subpoena. Any witness fees, excluding mileage, shall be submitted to the District in return for the employee's full salary.

There shall be no deductions from pay for the absence of certificated employees for jury duty. The Governing Board however recognizes that it is less disruptive to instruction when teachers are present as much as possible throughout the regular school year. Therefore, if certificated employees are willing and able to defer or postpone their jury service until the District's scheduled summer vacation, Thanksgiving, Winter or Spring break such employees will be paid for their jury service. The amount of compensation will be the long term substitute teacher rate in effect on the first day of actual jury service.

Certificated employees shall not be disciplined, discriminated against, or retaliated against for their inability or unwillingness to defer their jury service until summer vacation.

Should the actual jury service continue from the break period onto a regular work day for the unit member, the daily compensation shall not apply.

The District will implement procedures for the verification on the initial jury duty summons, request for deferral, granting of deferral and actual days of jury duty served.

H. **Leave Without Pay**

A permanent unit member may request an unpaid leave of absence for a period not in excess of one year for any reason not specified elsewhere in this Agreement provided the following requirements are met.

- (1) A substitute or temporary employee meeting District standards can be obtained.
- (2) The application, including the reason for the request, for said leave shall be submitted by February 15 of the year prior to the leave.
- (3) The District shall indicate to the unit member by April 1 if the leave request has been granted or denied.
- (4) The unit member shall receive no fringe benefits nor accrue other rights during the unpaid leave of absence.
- (5) The leave must be in the best interests of the District's instructional program.
- (6) Seniority shall be considered if only one leave is granted and more than one unit member applies.
- (7) Leave shall not be granted for the purpose of accepting other employment.

The above-mentioned dates do not preclude the granting of an unpaid leave request for an applicant making such request after February 15.

Unit members returning from leave shall confirm in writing their intent to return upon conclusion of leave no later than March 15 of the year of the leave.

A permanent unit member may request a partial leave of absence for up to 80% of the days in a school year, following the deadlines and terms listed above. Partial leaves of absences may be renewed at the sole discretion of the District, when the request for renewal of the partial leave is submitted according to the deadlines and terms listed above.

I. **Differential Pay Leave**

When a unit member is absent from duty on account of illness or accident for a period of one-hundred (100) work days or less, the amount deducted from the salary due for any month in which the absence occurs shall not exceed the then current rate of pay for the short term or long term substitutes, employed to replace the unit member, exclusive of the rate for a "super substitute" (defined as a unit member on a re-employment list who is entitled to receive his or her regular rate of pay), or, if no substitute was employed, the amount which would have been paid to a substitute had a substitute been employed. For purposes of this article only, a school month is defined as twenty (20) days on which a unit member is required to work.

The one-hundred (100) work days shall begin to run on the first day of absence following the exhaustion of the current school year's sick leave and all accrued but unused sick leave from previous years. An employee shall not be provided more than one, one-hundred (100) day period per illness or accident. If the illness or accident continues into a new school year, the employee, while ill or injured, may use up to the balance of one-hundred (100) day period.

Use of extended illness leave and return there from is subject to the physician verification provisions of this Article and Board policy.

When a unit member has exhausted all available sick leave, including accumulated sick leave, and the member is unable to resume the duties of his/her position and continues to be absent due to illness or accident beyond the five-month period, the employee, if not placed in another position, shall be placed on the reemployment list for a period of twenty-four (24) months, if probationary, or thirty-nine (39) months, if permanent. When the employee, during the twenty-four (24) or thirty-nine (39) month period provides a physician's confirmation and release to do the essential functions of a position for which he/she is credentialed and qualified, the employee shall be placed in such a position.

J. **Job Sharing**

The District and the Association agree to the following procedure for job share programs. This arrangement shall not be subject to the contractual grievance procedure.

1. Number of Teams:

For the duration of this agreement, the number of shared teaching assignments at each school site shall not exceed three (3) teams per school, under the following terms and conditions.

The proposal must be received on or before February 15 of each school year prior to the year in which the shared teaching assignment will be requested. The proposal may be submitted simultaneously with the request for a year of unpaid leave, and neither request will prejudice the other. If one request is denied, the other will still be considered. Both unit members will be informed of the status of their proposal by April 1.
5. Hours:
 - a. Both unit members are required to work the five (5) pre, post, and mid-service days required of full-time teachers, plus regularly scheduled parent conferences, back to school night, and open house on the dates established by the District.  - b. Both members of the team will be responsible for sharing all information pertaining to their mutual assignment, including information from staff meetings and in-services.
 - c. Upon reasonable notice to the job sharing team, the principal may require up to two (2) additional days of service from each team member to be paid at the member per diem rate.

6. Salary Schedule, Placement and Credit:
 - a. Both unit members will receive an amount proportionate to their annual salary equivalent to the percentage of the job share.
 - b. Effective July 1, 2013 both unit members will receive credit towards step advancement on the salary schedule in the amount proportionate to their annual work year calendar equivalent to the percentage of the job share. Once the combined percentages of job shares reaches one hundred percent (100%) of a work year the unit member will be able to advance to the next step on the salary schedule. Step advancement for partial work years must be completed within 5 years.
7. Retirement:

Both unit members will receive an amount proportionate to the year's credit toward the State Teachers' Retirement System equivalent to the percentage of the job share.
8. Seniority List:

Both unit members will maintain their place on the District seniority list.

To achieve permanent status, the unit member must actually work at least 75% of the school days in two consecutive years. The unit member will remain in probationary status until this requirement is met.
10. Health and Welfare benefits and Leave:
 - a. Each unit member in the shared teaching assignment is entitled to an amount proportionate to the total current

benefits package equivalent to the percentage of the job share.

A unit member on a shared teaching assignment must notify the District by February 15 if he or she wishes to reapply for a similar shared teaching assignment of the upcoming school year.

12. **Criteria:**

The District will apply the following criteria in consideration of job sharing requests:

- a. Quality of previous service to District.
- b. Compatibility of teaching styles of the team members, as determined by the District.
- c. The impact of the potential shared teaching assignment upon the school involved.
- d. The needs and efficient operation of the District.
- e. Unit member certification and competency.

K. **Sick Leave Bank**

Catastrophic Leave Donation on a case-by-case basis where the District and the Association mutually agree: Any bargaining unit member may irrevocably donate up to two (2) earned and unused days of sick leave to another bargaining unit member who has suffered a long-term or catastrophic illness and who has fully exhausted all paid leaves, including difference pay. Catastrophic leave donations shall not apply to employees whose absence originated as an industrial illness or accident.

This provision shall apply to a maximum of four (4) bargaining unit members annually. No bargaining unit member may receive more than twenty-two (22) days annually of donated sick leave.

Once donated, the donation becomes irrevocable, even if the donation is not utilized. It shall be the responsibility of the Etiwanda Teachers' Association to communicate these provisions to bargaining unit members and communicate requests for implementation to the district. The District will prepare and process related sick leave accounting documents.

L. **Family Care and Medical Leave**

Unit members are eligible for Family Care and Medical Leave (FCML) in accordance with law and District Board Policies and Administrative Regulations.

M. **Parental Leave**

Effective January 1, 2019, as provided by Education Code section 44977.5, unit members shall be entitled to parental leave as set forth in this section.

For purposes of this section, "parental leave" means leave for the purpose of bonding with the unit member's newborn child, or with a newly placed child in the unit member's household for adoption or foster care. Parental leave does not include leave taken for the employee's disability due to pregnancy, childbirth, or recovery therefrom.

Unit members shall use current and accumulated sick leave for parental leave, for up to 12 workweeks.

When a unit member with at least one year of District service has exhausted all current and accumulated sick leave and continues to be absent on account of parental leave, he or she shall be entitled to substitute differential pay which shall be not less than 50% of the unit member's regular salary, for the remainder of the 12-week leave. Unit members with less than one year of District service may use unpaid leave for the remainder of the 12 weeks.

When the need for parental leave is foreseeable, the unit member must give the District at least 30 days advance written notice of his or her intention to use parental leave and the anticipated dates of the leave. In all other cases, the unit member must give the District as much advance notice of the need for parental leave as practicable under the circumstance.

Parental leave must be used within 12 months following the birth or placement of the child. Parental leave must be taken in increments of at least 2 weeks duration; however, the unit member may take parental leave in increments of less than 2 weeks on up to two occasions.

Parental leave under this section runs concurrently with parental (child bonding) leave under the California Family Rights Act (CFRA) and the Family and Medical Leave Act (FMLA). The total amount of parental leave may not exceed 12 workweeks in any 12-month period.

ARTICLE XI

CLASS SIZE

The Board's philosophy is indicated in Board Policy 6151.

It is the philosophy of the Etiwanda School District to maintain classroom sizes at the lowest reasonable level in order to provide optimum opportunities for growth of our children. Although this is the philosophy of this school district, it is recognized that there are situations beyond the control of the Board of Trustees to maintain such reasonable levels at all times. In the event of unexpected growth of the community, facilities and personnel may not be procured rapidly enough to alleviate such high classroom levels in a short span of time. In such a situation, the Board of Trustees will act with reasonable speed to provide additional facilities and personnel in order to relieve such conditions which may exist beyond those levels established by the Education Code of the State of California.

Commencing with the 2014-15 school year, the district will provide each transitional kindergarten class and each kindergarten class with an enrollment exceeding 24 students with 3 hours, per student day, of instructional aide support. (See Table)

Commencing with the 2014-15 school year, the district will provide each transitional kindergarten class or each kindergarten class with an enrollment exceeding 14 students and up to 24 students with 1 and ½ hours, per student day, of instructional aide support. (See Table)

Commencing with the 2014-15 school year, the district will provide each transitional kindergarten class or each kindergarten class which does not receive 100 minutes of reciprocal teacher support with 3 hours, per student day, of additional instructional aide support. (See Table)

Commencing with the 2017-2018 school year, for grades one through three, any class which exceeds 26 students will receive 3 hours of instructional aide support per week. (See Table) Analysis of class enrollment shall be based on monthly class enrollment reports. The district has a grace period of twenty days at the beginning of the school year to correct over-enrolled classes at each site. The first monthly class enrollment report will be produced on the twentieth day of enrollment. The district shall make every effort to provide instructional aide support to qualifying class levels within 20 days after the monthly class enrollment report is submitted. The instructional aide support will continue in the class as long as the class enrollment exceeds 26 students, as per the monthly class enrollment report.

This additional instructional aide support described in the paragraph above for grades one through three will continue as long as the State continues to fund Grade Span Adjustment.

Commencing with the 2017-2018 school year, for grades four and five, any class which exceeds 32 students will receive 3 hours of instructional aide support per week. (See Table) Analysis of class enrollment shall be based on monthly class enrollment reports. The district has a grace period of twenty days at the beginning of the school year to correct over-enrolled classes at each site. The first monthly class enrollment report will be produced on the twentieth day of enrollment. The district shall make every effort to provide instructional aide support to qualifying class levels within 20 days after the monthly class enrollment report is submitted. The instructional aide support will continue in the class as long as the class enrollment exceeds 32 students, as per the monthly class enrollment report.

It is understood and agreed that in the case of holidays; parent teacher conferences, teacher absence from the school site, in-service or minimum day preceding break periods, scheduled testing days, and absence of the assigned instructional aide that the regularly scheduled instructional support time missed will not be made up and is not a violation of this provision.

The schedule for the instructional support time will be developed with input from the teacher(s) with whom the aide will work. The principal shall have final approval of the schedule.

Penalties Beyond Established State Class Size Requirements.

In the event that the Etiwanda School District should opt to suffer the penalties for classroom levels beyond the state established maximum rather than move toward procuring the needed additional facilities and personnel, the right of the Etiwanda Teachers Association to bring the matter before the Board of Trustees as a matter for discussion is established.

Instructional Support for SDC Classrooms, TK-8th.

Each self-contained mild/moderate special education class will receive 29.5 hours of base instructional aide support per week. The unit member and base instructional aide will account for the first ten students enrolled. Additionally, after the tenth student enrolled each class will receive 29.5 hours of supplemental instructional aide support per week for every five students not assigned a TSNA (i.e. fifteenth student). (See Table)

Each self-contained moderate special education class will receive 29.5 hours of base instructional aide support per week. The unit member and base instructional aide will account for the first eight students enrolled. Additionally, after the eighth student enrolled, each class will receive 29.5 hours of supplemental instructional aide per week for every four students not assigned a TSNA (i.e. twelfth student, etc.). (See Table)

Each self-contained moderate/severe special education class will receive 29.5 hours of base instructional aide support per week. The unit member and base instructional aide will account for the first four students enrolled in the class. Additionally, after the fourth student enrolled, each class will receive 29.5 hours of supplemental instructional aide support per week for every two students not assigned a TSNA (i.e. sixth student, eighth student, etc.). (See Table)

The schedule for the instructional aide support for special education classes described above will be developed with input from the teacher(s) with whom the aide will work. The principal shall have final approval of the schedule. The instructional aides assigned to the class will work directly with students. A self-contained class may receive two three-hour/day instructional aides in lieu of a 29.5-hour a week instructional aide.

Resource Specialist Support

Each Resource Specialist and Early Childhood Education Specialist will receive 29.5 hours of instructional aide support per week. (See Table)

The schedule for the instructional aide support for resource specialists will be developed with input from the teacher(s) with whom the aide will work. The principal shall have final approval of the schedule. The instructional aides will work directly with students. A resource specialist may receive two three-hour/day instructional aides in lieu of a 29.5 hour/week of instructional aide.

Additional Support

When a new student, who displays severe, aggressive behaviors that risks their own personal safety and/or the safety of others, transitions to a new class, a temporary instructional aide may be assigned to the class as additional classroom support for a duration up to four weeks, with administrative approval. If deemed necessary, a site administrator may extend the additional temporary classroom instructional aide support, with district approval.

ARTICLE XII

2. The filing of a request is without prejudice to the unit member and shall not jeopardize the present assignment. A request for transfer may be withdrawn by the unit member in writing at any time prior to official notification of transfer approval.
3. The District shall, within ten (10) days of rendering a decision provide the unit member official notification of the disposition of the voluntary transfer requests. A unit member, upon request, shall be provided with the reasons for being denied an employee-initiated transfer.

An employee initiated transfer request will be considered up to the first day of regular teacher service for the work year for the employer requested transfer.

D. **Employer Initiated Transfer**

An employer initiated transfer may be made at any time by the District for any or all of the following reasons:

In the event a unit member is transferred after the first student instructional day, the District will provide assistance in moving classroom equipment. Additionally, the District will provide up to a maximum of three full days of student-free preparation time.

Prior to any position being filled, the Superintendent and site administrators will review and consider the preference of the unit members before a new applicant for the position is employed.

If an employer initiated transfer necessitates a change of grade level, the teacher will be provided with \$200 to be used for instructional supplies and/or materials.

E. **New School Opening**

When an administrator from within the District is assigned as a principal to open a new school, the principal may select a core of up to ten volunteer unit members employed in the District for transfer to the new school. All remaining positions shall be filled in accordance with the contract and District hiring practice.

F. **Reassignment**

Reassignment is defined as movement of a unit member to a different grade level, subject area, or job assignment at the same school site. Unit members may request consideration for reassignment by submitting a written request specifying first, second, and third preferences for assignment to the site administrator no later than February 15. The site administrator may also make reassignments deemed by the administrator to be in the best interest of the instructional program at any time during the school year.

Commencing with the 2014-2015 school year if a site administrator makes a reassignment with a unit member which requires the unit member to change rooms on non-contracted days, the unit member may submit a timecard for two (2) days of pay at the curriculum instructional daily rate.

Commencing with the 2014-2015 school year if a site administrator makes a reassignment with a unit member which requires the unit member to change grade level or subject area after the beginning of the teacher work calendar, the unit member will be provided \$200 to be used for instructional supplies and/or materials.

Should a track change result in a unit member teaching less than a period of 185 days in a school year, the unit member's annual compensation will not be reduced. The unit member shall be assigned responsibilities by the District, including but not limited to substitute service to complete the required 185 days of service. This shall not apply to a unit member employed after the beginning of the school year, or to certificated employees employed on a part-time basis.

ARTICLE XIII

UNIT MEMBER EVALUATIONS

Shall be adopted pursuant to Board Policy 4115 and Administrative Regulation 4115.

A program of regular, periodic evaluation involving all unit members shall be designed to achieve these purposes:

- (a) To identify standards and conditions of professional service in the Etiwanda School District.
- (b) To upgrade through professional counseling the job performance of all unit members.
- (c) To provide a simple permanent record of the quality of each unit member's service.

Frequency of Evaluations

The performance of each certificated employee with permanent status shall be evaluated and assessed on a continuing basis as follows:

- 1. At least twice each school year for probationary and temporary personnel.
- 2. At least once every other year for personnel with permanent status.

ARTICLE XIV

The District and ETA recognize the mandate of the California Constitution at Article I, section 28, that students and staff have the inalienable right to attend school campuses that are safe, secure, and peaceful.

A unit member shall immediately report to the immediate supervisor any written, verbal or physical abuse, assault, battery, or threat of force directed toward the unit member, by a student, parent or campus visitor where such act is related to school activity or attendance. The incident shall also be promptly reported to appropriate law enforcement authorities by the District as prescribed by Education Code Section 44014(a). The Superintendent or designee may, on an as-needed basis, establish a committee of interested parties to study any defined program of study carried on by the District. Such committee shall be established at the discretion of the Superintendent, and shall be dissolved when, in the opinion of the Superintendent, the committee has completed its charge. If the Superintendent/designee established a study committee, the Association shall be invited to appoint a representative to participate in the study and recommendations of the committee.

ARTICLE XVI

EMPLOYEE BENEFITS

A. Unit Member Health Insurance

1. **District Annual Contribution** The purpose of this article is to make health and welfare benefits available to unit members while containing the cost increases for these benefits.

The District's maximum annual contribution per full-time eligible unit member toward health and welfare benefit premiums for employees enrolled shall be \$17,950 commencing July 1, 2023.

Unit members selecting coverage with premium costs in excess of this amount shall authorize payroll deduction of premiums beyond the District's contribution as a condition of receipt of benefits.

2. Effective July 1, 2014 bargaining unit members shall be required to enroll in, at a minimum, family dental, family vision and employee only life insurance.
3. Bargaining unit members employed prior to July 1, 2004 who do not utilize the full District contribution toward health and welfare benefit premiums shall be limited to a maximum annual benefit of \$5,900.00.
4. Any member electing to opt out of medical coverage must provide proof satisfactory to the District of other comparable current group coverage by August 15 of that year. If comparable coverage is not provided by August 15 the District will enroll the unit member in the least cost medical coverage available that year. Comparable group coverage is defined as medical coverage that meets or exceeds the Affordable Care Act (ACA) standards. Current coverage is defined as coverage that will be in effect at the time of renewal on or after July 1 of that calendar year.

- B. **Retiree Coverage** The District shall provide retiree-only, medical only, insurance to a unit member who retires at 55 years of age until the retiree reaches age 65 or is eligible for Medicare or other federal or state supported medical coverage, whichever occurs first. The annual contribution by the District for the retiree's medical insurance shall not exceed the annual health and welfare District contribution for active unit members described in section A above, less premiums for the least expensive family composite dental, least expensive family composite vision and the least expensive employee only straight term life insurance. The retiree shall pay any premium costs in excess of the adjusted District contribution, as defined above. The District will allow retirees, at their cost, to purchase medical benefits for eligible dependents until the retiree reaches age 65. Should a retiree pass away prior to age 65, benefits for eligible dependents will cease. To be eligible for this retiree benefit, the unit member must fulfill the following requirements.

- (1) The retiree must have reached age 55 prior to the effective date of retirement.

- (2) The unit member must have worked in the District for a period of 15 years.
- (2.5) Effective July 1, 2013 both unit members will receive service credit in the amount proportionate to their annual work year calendar equivalent to the percentage of the job share. Service credit may be combined to equal one year of service for retirement benefit eligibility. Once the combined percentages of job shares reaches one hundred percent (100%) of a work year the unit member will be able to add one year of service credit. Combined service credit for partial work years must be completed within 5 years.
- (3) The unit member must be employed in the Etiwanda School District on the effective date of retirement.

B. Initial Salary Schedule Placement

1. Full-time unit members who possess a valid credential registered with the County Office which required full completion of a student teaching program shall be given credit for up to five years of successful public school teaching experience at grades K-12 upon provision of verification of such experience satisfactory to the District. The initial placement shall not exceed Step 6. In order to be counted as successful experience, the unit member must have actually rendered full-time equivalent service of 75% of the days of a school year. Years submitted for experience credit must have been taught in the 10 years immediately preceding employment with the Etiwanda School District. For initial placement, lower division units acquired after the B.A. or B.S. degree are not acceptable for salary credit. Upper division or graduate units from an accredited college or university taken after the date of the B.A. or B.S. degree shall be credited for salary placement. Failure to submit official transcripts or other verification by September 15 of the first year of employment as requested will result in the units not being accepted for salary credit until the next submission date (refer to C. Advancement on the Salary Schedule). Teachers hired after September 15 must submit official transcripts within 60 calendar days of their contract start date.
2. Interns, teachers on emergency or other credentials, not requiring full completion of student teaching or its equivalent prior to issuance, shall be placed on Step 1, Column 1 regardless of the number or type of units completed or the member's previous experience.

C. **Advancement on the Salary Schedule**

All step advancement on the salary schedule shall be effective to the first day of the contractual teacher return to work date for the beginning of the school year.

Column advancement may be modified by submission of all necessary documentation required by the District to support the entitlement to such increase to the Assistant Superintendent of Personnel by September 15, January 15, or May 15. Payment for such column increase shall be paid no later than three regular pay periods or three months, whichever is longer, after September 15, January 15, or May 15 provided that the unit member has filed all documentation required by the District for the column increase by the applicable date. The September 15 submission shall be retroactive to the first day of the contractual teacher return to work date for the beginning of the new school year. The January 15 submission shall be retroactive to January 1 of that year, and the May 15 submission shall be retroactive to May 1 of that year.

1. Upper division or graduate units from an accredited college or university taken after the date of the B.A. or B.S. degree shall be credited for salary advancement under the criteria in paragraph C.2. Official transcripts or official Grade Card or the Instructor/Professor Signature Form of Completion must be submitted as verification of coursework completed.
2. All units accepted for salary credit shall meet each of the following criteria:
 - (a) The units must be from a college or university accredited and listed in the publication, "Accredited Institutions and Postsecondary Education," published by the American Council on Education. Unit members who were to receive salary schedule advancement credit for units from an out-of-state accredited university or college must obtain the advance written approval for such credit from the Superintendent or designee.

 - (c) A grade of "C" or above (or pass) must be received in order to be acceptable for salary credit.
 - (d) When rounding, two-thirds of a semester unit shall count as a full unit. One-third of a unit shall count as nothing.
 - (e) Movement shall be to a step and column reflecting the eligible experience and unit credit of the unit member.

3. Effective July 1, 2015, unit members who are approved by the Board for a partial leave of absence for the purposes of working a prorated number of contracted days, as described in Article XXI – A., will receive credit toward step advancement on the salary schedule for their partial work year in the amount proportionate to the full work year of the applicable job assignment. Once the combined percentages of prorated contracted work years reach 100% of a full-time work year, as described in Article XXI – A., the unit member will be able to advance to the next step on the salary schedule effective the following July 1. For example, unit members who work .2 FTE per school year may earn a step advancement on the salary schedule after 5 consecutive school years. If combined years exceed 100% FTE the remainder partial year will be carried over and applied to the following year. For example, unit members who work two consecutive years at .6 FTE may earn step advancement and carry over .2 FTE. The minimum increment that can be accumulated is .2 FTE. Step advancement for partial work years must be completed within a five-year time frame. Accumulated partial year credit is for consecutive years of part-time service only. This section shall apply to longevity increments. This section has no effect on seniority, attainment of permanent status, or other rights described in this Agreement.

The opportunity for compensation by providing coverage for students or classrooms will be done in an equitable manner (based on instructional need as determined by the site administrator), by selecting from among all available unit members with the appropriate credential for the class to be covered. The time spent providing substitute coverage, as described above, will not count towards preparation time described in Article IX – Section H, I, and J. Nothing contained herein shall be seen as a limitation of a voluntary substitution arrangement between unit members, subject to administrative preapproval.
